energyWall™ Windows

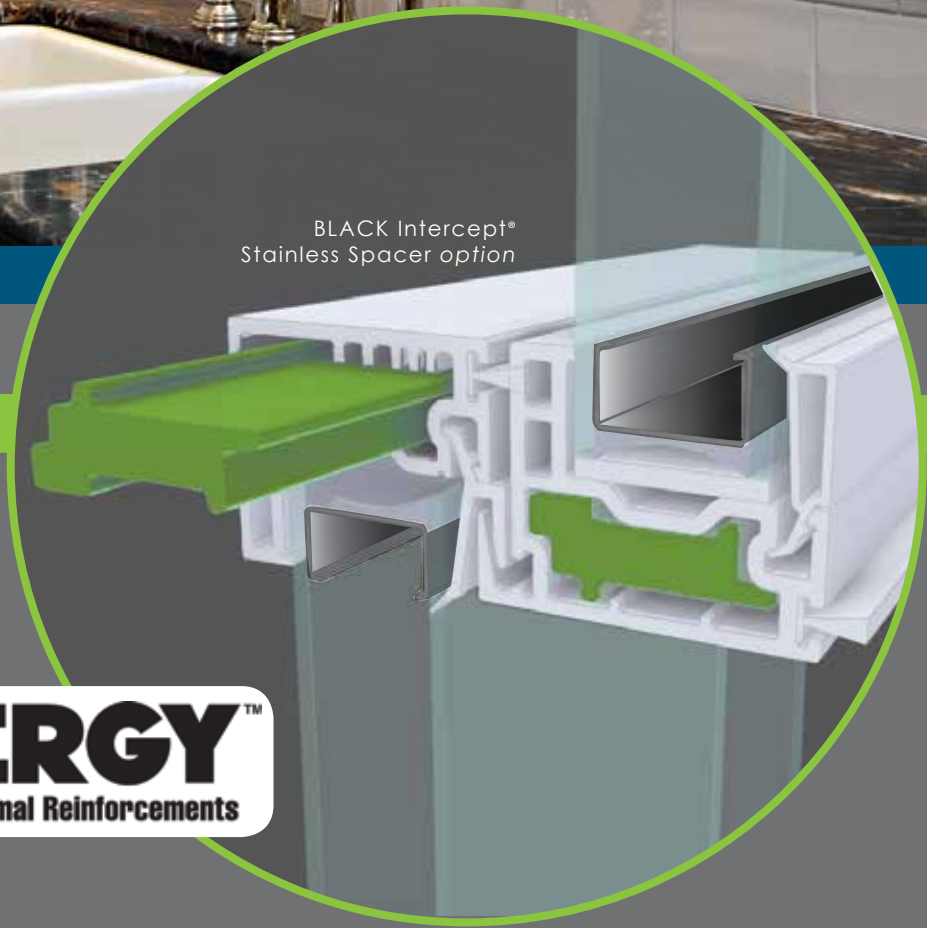

double hung

Innergy™ option

Innergy is the innovative, energy-efficient alternative to aluminum. Rigid Thermal Reinforcements are advanced fiberglass reinforced resin inserts, designed to slide easily into window and door frame chambers for greater support and insulation.

- **Better Thermal Performance**
Up to 700 times better than aluminum in material-to-material comparisons.
- **Better Thermal Break**
Impervious to cold or heat.
- **Better protection against condensation**
Helps prevent staining that can occur with metal reinforcements.
- **Better flexibility**
Will not permanently set when impacted.

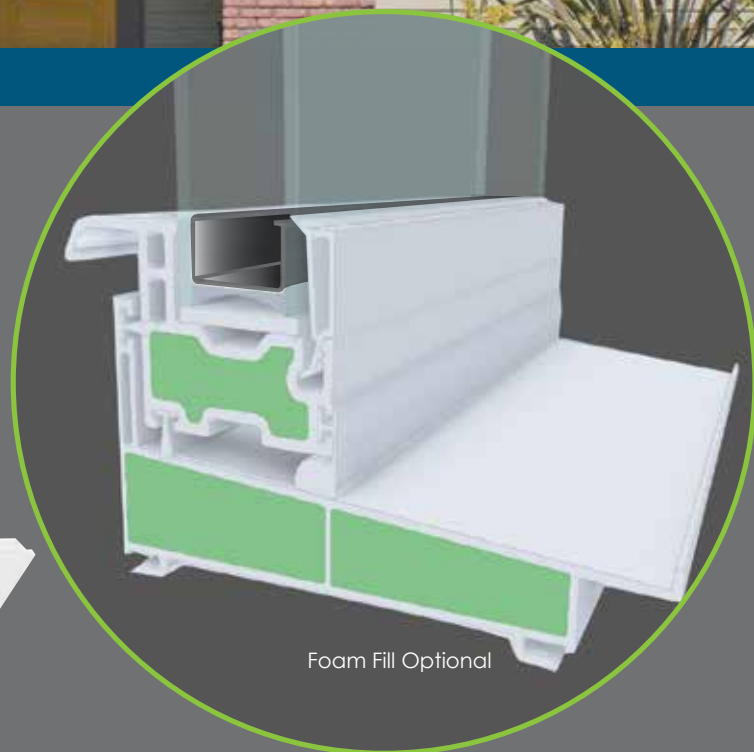

BLACK Intercept®
Stainless Spacer option
