Innergy is the innovative, energy-efficient alternative to aluminum. Rigid Thermal Reinforcements are advanced fiberglass reinforced resin inserts, designed to slide easily into window and door frame chambers for greater support and insulation.

**BLACK option**

Intercept Stainless

Sealant Effectiveness & Gas Retention. The sealant provides the moisture vapor barrier for the I.G. unit. The longer the transmission path, the slower the rate that moisture will travel into the unit through the seal. STAINLESS Steel is impervious to gas transmission, improving gas retention and maximizing the insulation value of your window over time. Intercept® Stainless offers one of the best transmission paths to maximize window performance.
